

Have you ever watched pure joy?

This is what you will see when a Miracle player hits his first homerun or when she hits her first pitched ball. You also see it with their 100th!

Miracle League is magical.

Our league is run completely by volunteers and is FREE to all participants. Our summer season runs June - August, and we offer clinics and other sports throughout the spring and fall for ages 4 to adult.

THE MIRACLE FIELD! Our bright green, hard surface field allows all individuals to experience the love of baseball. They have the freedom to roll, walk and sprint—without barriers. It brings coaches, players, buddies and especially families together in camaraderie.

Our existing Miracle Field was made possible by a team of committed individuals, who recognized the need for recreational and athletic opportunities for our local special needs community. Their dream became a reality in 2009 when our field became the first Miracle League field in the Pacific Northwest.

This amazing endeavor was made possible through the efforts and support of so many local businesses and individuals, especially the Kalispell Noon Rotary Club, the Howard Family Foundation, Dan Johns and Roy Beekman.

We need your help!

Unfortunately, our field is beginning to show extreme wear and has over one inch wide gaps at many of the seams, making it unsafe.

Field building technology and materials have improved by leaps and bounds and we are excited to be planning for a new artificial turf field.

OUR GOAL: Replace the field surface, improve dugouts, create storage at field and provide shade opportunities for players and families.

Please make a contribution today!

100% of your contribution will be utilized for this goal
